

Friday Maths Session

Money Starter

Fill in the missing boxes.

$$22p + 21p = \boxed{}$$
$$67p - 7p = \boxed{}$$
$$90p - 50p = 30p + \boxed{}$$

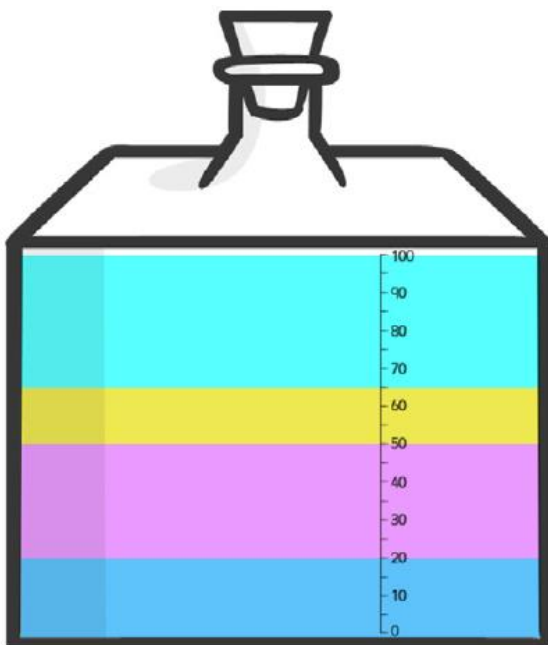

Recap of Capacity

Capacity is the amount something can hold.

Watch the video here if you can:

<https://www.bbc.co.uk/bitesize/topics/zt9k7ty/articles/zp8crdm>

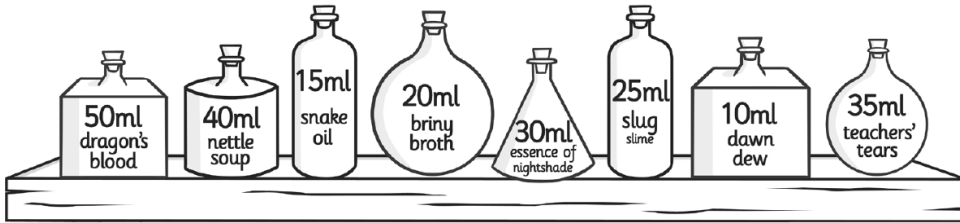

When we measure capacity we normally measure it in ml or l.

In my potions bottle I have 20ml of dark blue liquid (briny broth). There is 30ml essence of nightshade (the purple) and 15ml snake oil (yellow). How much teachers tears (light blue) is there?

ml

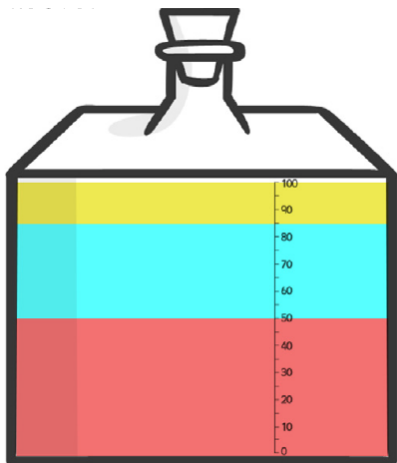

Activities

Wizard William and Witch Winifred are mixing potions.
Can you help find all the possibilities for their recipes?

Wizard William can use any 2 ingredients. His potion needs to measure exactly 50ml.
Which ingredients could he use?

Witch Winifred has to use more than 2 ingredients. Her potion also needs to measure exactly 50ml. Which ingredients could she choose?

Challenge

Apprentice Alf has mixed some potions but forgotten to write down the ingredients. Can you use the amounts above to do it for him?

Plenary Have a go at capacity countdown here:
