

Easter

You will need to log in to *Espresso* for this activity.

Type *Easter* in to the search bar and select *Foundation* from the *All Key Stages* drop down menu.

Select *Easter Celebration* (video) from the resources.

Watch the video and answer these questions:

What types of things represent Easter?

How are Easter Eggs decorated?

If you are unable to get on Espresso this is the transcript of the video:

Easter is a time for new life. It comes just after spring and is a time for traditions.

Easter is a Christian festival.

It is a special part of the year when Christians remember the time when Jesus died and then returned to life.

It is celebrated throughout the world. It comes after a time called Lent.

There are lots of ways to celebrate Easter. Some people go to church.

Children celebrate Easter by decorating eggs. The egg is meant as a symbol of life.

A lot of people paint eggs with different colours and patterns for Easter.

The eggs can be used as decorations.

If you were going to paint an Easter egg, what would it look like?

At Easter some children go on an Easter egg hunt to try to find hidden eggs.

And in the shops you will see lots of chocolate Easter eggs and chocolate Easter bunnies.
