

## Week beginning 29.06.2020

### Spelling

Good morning Longboats!

How are you today? At Riverside, we have a new programme for you to use for your spellings. It's made by the same company as Mathletics and Spellodrome but the games should be even better. It's called Readiwriter. From this week, I'll be setting your words on Readiwriter instead of Spellodrome. You can log on by typing Readiwriter into a search engine and your username and password will be the same as for Mathletics and Spellodrome. I think there should soon be some information on the website too, if you need extra help finding it.

Anyway...

### Monday

This week, we will be starting a new letter pattern in spelling – **wr**. Here is a spelling test to get you started. As always, don't worry if you get the words wrong at the beginning – that will just help us see which words you need to work on.

You can ask a parent or sibling to read the words to you or you can do *look, cover, write check* to test yourself – good luck!

## Thursday

Can you log onto Readwriter and spend 15 minutes trying out these words? You can do this on a laptop, tablet, computer or a phone. See how many you can understand and spell correctly – I'm giving out 3 dojo points each to people who score 1000 points or more this week.

## Friday

Can you come up with 10 **wr** words? This is not easy because there are not that many of them. See if you can include every **wr** word in one paragraph – it can include speech.

Try to make sure that even if your words are quite disconnected, your paragraph still has good, relevant ideas!
