Good morning Longboats, how are you today? If you are in the key worker bubble at school it's your last day today! Well done for all your hard work – you've done such a great job and you deserve a holiday!

There are going to be lessons for tomorrow and Friday on the website but if you are going to make today your last day of doing home learning, then do the Friday lesson today, it's a good last one to do.

Handwriting

Can you choose the best line from your Julius Caesar movie trailer and write it in your neatest joined writing, twice.

Main Activity

Today, we are going to be choosing Music for your trailer. All trailers need a great soundtrack! Listen to these 5 pieces of music that were designed for films. Can you rate them for how effective they are?

You don't have to listen all the way through – about 2 minutes is enough!

One - <https://www.youtube.com/watch?v=hHAP7NvBOU0> – the Lord of the Rings (search “The Ring goes South” on Youtube)

Two - <https://www.youtube.com/watch?v=Pb4e-GUv8nA> – The Mission (search “On Earth as it is in Heaven – the mission” on Youtube)

Three -

Now, do some research of your own! Can you find the perfect piece of music to be the soundtrack for your trailer? Would you choose one of these or find another piece? You could even compose your own by singing or humming the tune or playing the notes on a piano or keyboard (or piano or keyboard app).

When you find the perfect soundtrack, make sure it's the right length to fit with your overall trailer and save it somewhere safe. You'll need it again tomorrow!
