

Using Fabric

For our Topic work for the next two weeks we are going to make a Rainbow Bag Tag.

You will need:

- *white material*
- *ribbon in the colours of the rainbow*
- *needle*
- *white thread*
- *keyring fastening*

Instructions:

1. *Cut two cloud shapes (with a flat bottom to the cloud) from the white material.*
2. *Place one on top of the other and sew them together starting at the bottom of one curved side.*
3. *When you reach the middle top, take a short piece of ribbon, fold it to make a loop and sew the ends in between the two clouds with your stitches.*
4. *Keep sewing around the edge.*
5. *When you reach the bottom edge again, cut a length of each colour ribbon and arrange one end of each piece to sit between the clouds.*
6. *Sew along the bottom edge catching the ribbons in place as you go.*
7. *Fasten the keyring onto the top loop.*
